# Child Protection Enhancements (External)

The following enhancement to CMS will take effect on **8 August 2024**.

Remove case access – portal

A new function has been introduced to allow portal users to self-manage the removal of case access.

When the *Cases* tab is selected in the portal, a new option of **Remove case access** displays in the *Action* column.

CHI-CP-240022174	Child Protection	TEST, PA	Melbourne Children's Court	29/05/2024	Open	File a Subcase
						Remove case access

Once selected, a confirmation screen will appear, and case access will be removed when **Proceed** is selected.

## Remove Case Access

My Reference*

File_56

My Reference can be any name or number and can be used by you to identify this filing.

Remove Case Access

Upon selecting proceed, your access to this case will be removed.

⬇ Proceed

If access to a case is required again in the future, it can be regained by following the relevant organisation's process.
